

REMARKS

Applicants respectfully request entry of the above amendment and consideration of the IDS filed with this amendment. The above amendment updates references to patents that have issued.

The IDS updates the Office of a notice of allowance in another application owned by the assignee of this application. The IDS also lists U.S. Patent No. 6,741,758, which issued from U.S. Patent Application Publication No. 2001/0055390. The Office is reminded that U.S. Patent Application Publication No. 2001/0055390 was identified in the Notice of Copied claims filed with this application.
